

# mira grout colours

Grout colour is of great importance for expression of the finished result.  
In mira's range of grout colours you get more than 30 colours to choose from.

Digital colour cards and printed paper cannot reproduce colour and texture 100% correctly.  
The colour chart is therefore for guidance only. It is possible to ask for colour samples.

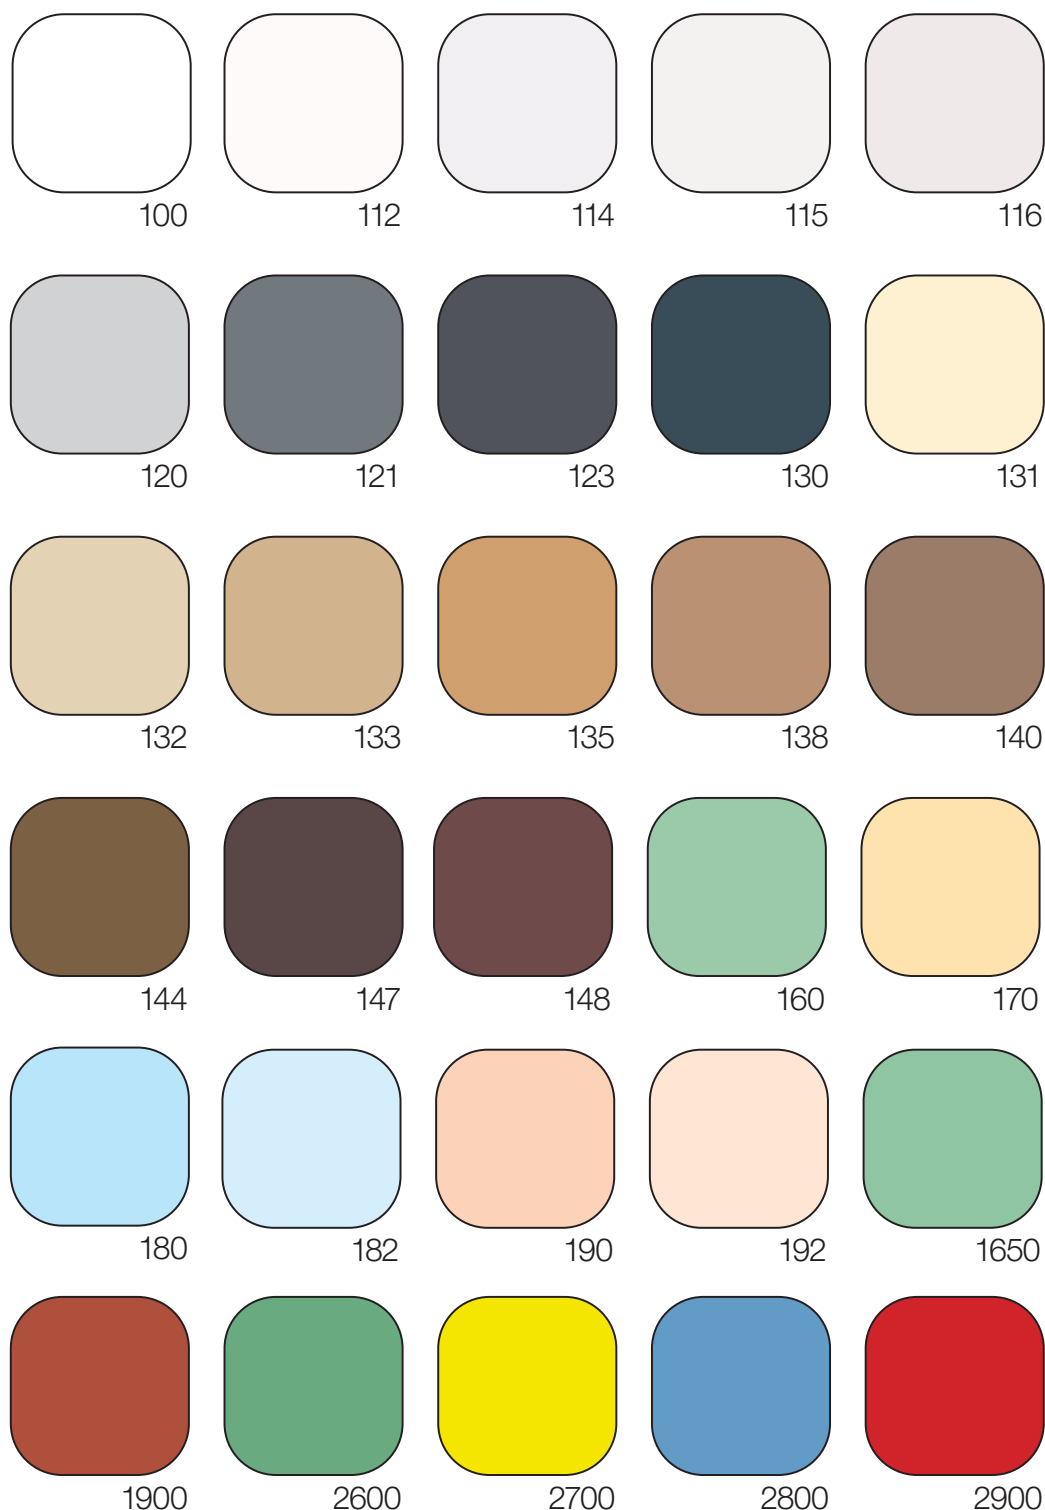

## Signature explanation:

**M:** mastic    **R:** rustic    **S:** supercolour  
**X:** supercolour excellent    **P:** project    **Mp:** 3650 multipox
