Seal manchet ensures effective waterproofing of floor drain and pipe penetrations. Safecoat mat ensures effective waterproofing of remaining floor.

- Seal manchet for floor drain and pipe penetrations
- Easy to install
- Safecoat mat ensures uniform thickness of membrane
- Use 3690 one-seal to ensure good bonding of safecoat mat and seal manchet

Safecoat mat and strips as well as seal corner, seal manchet and sealband are applied with 4400 multicoat for waterproofing of wet room. Use 4180 primer on absorbent substrates. See brochure regarding wet room constructions.
